### CONVENTION 2024!!

The 101<sup>st</sup> Annual Convention was held during the weekend of April 26<sup>th</sup> and 27<sup>th</sup> at the very spacious Dakota Dunes Resort at Whitecap. Convention opened on Friday evening with registration and a pow wow dance demonstration outside the hotel. Of all present, there was 1 National Officer, 5 Branch Board Officers, 32 voting members of which 10 were first time attendees, 1 Lifetime Member, 1 Associate Member, and 7 guests.

The formal business of Convention began on Saturday morning, when attendees were presented with the 2023 audited financial statement and the 2025 budget. We were pleased to welcome our National President, Dwayne Jones who presented his report, followed by an open forum. During our afternoon session, attendees received some very useful information from our guest speaker, J.P. Lynch of the Security and Investigations department of Canada Post Corporation.

Our Saturday evening concluded with a delicious buffet supper, served at the Dakota Dunes Resort, courtesy of the Saskatchewan Branch of CPAA. An evening of entertainment, provided by Curtis Strauss and his magic show was enjoyed by all.

We gratefully acknowledge the generous donation of a variety of items which were raffled off during our meeting Saturday. The proceeds of the draws were \$335.00, and all funds were donated to STARS. Following the adjournment of our convention, attendees and their guests said farewell for another year, in anticipation of gathering together again next year!

## Negotiation Update:

The negotiation committee has been meeting with the Corporation for the last few months. The committee has presented approximately 70% of the Association's demands. We continue to talk to the Corporation and are hopeful for a contract that is fair to our members.

It has been asked by some of our members why we don't reveal our demands to our members like other unions do. Simply put: we don't want the Corporation to know what we're willing to give up in order to get something better. The Corporation also keeps their bargaining strategy a secret so that we don't know what they're willing to give up in order to gain something for the Corporation. However, the bargaining committee tells us that talks have been respectful and productive, and they are pleased with the progress that's been made thus far.

## Reminders from your Board of Directors:

- Now that we've begun a new Personal Day year (July 1 – June 30 next year), make sure you use your Personal Days No Carryover. These days do not get paid out or carried over at the beginning of a new cycle, so any days that weren't used previously are lost.
- Please make sure if you have access to Pre-retirement leave, that you're using those weeks. These weeks do not get paid out when you retire.

This year, we had as our Guest Speaker JP Lynch from Canada Post Security and Investigations. He spoke on several topics that are of particular importance to our members, such as securing our post offices and what to do if we are threatened by a customer or criminal. Our members at the convention found his presentation both knowledgeable and thought-provoking.

The board thanked JP for his insightful presentation and presented him with a small token of our appreciation.

Entertainment for this year's convention was Curtis Strauss, a magician and comedian from Saskatoon. Curtis wowed us with his sleight of hand up-close magic, as well as making us laugh. Everyone present had a wonderful time watching his show!

**We have our own website!!!**

**Check it out!!!**

Check out [www.cpaask.org](http://www.cpaask.org) for all sorts of information, such as forms, newsletters, and you can also reach us by using our contact form!

We look forward to keeping the website updated with all relevant information for our membership!

**Reminder:**

Please make sure you check your hire date and your appointment date. These two dates directly affect your pre-retirement leave, if you're eligible, and your retirement date, as well as your pension. It is much easier for us to help you fix any issues now, than when you're ready to retire.

Please reach out to any member of the board if you have questions regarding your hire date and your appointment date!

**What is Time Fraud?**

Time fraud occurs when we do not work our scheduled shift. If we don't work our scheduled shift, management can and will issue a 24 Hour Interview notice. During that interview, management will ask questions regarding your actions. They will then send off their notes to the Corporation's Labour Relations department, which will confer with the LAS and recommend a course of action, which could be anything from a letter placed into your personal file for a year, to dismissal.

It is in your own best interest to work your shift. Do not pay someone cash to work your shift for you. Do not leave early and not report it on your time sheet. Both are examples of time fraud that will get you in trouble with the Corporation.
